# Tomorrow!

There is work and high wages today, but the benefits will not appear until we see the results in the balances of tomerrew.

Plenty of pecket mency may induce us to acquire extravagant habits, and to learn how to waste rather than save.

Will wages always be high? Will I always be able to work? Will I continue to have the opportunity of today? These are questions of mement, and the man who neglects them may come to the time when he will find the "summer is over and the harvest is past."

Thrift is a virtue, but it does not mean meanness or stinginess. Real thrift makes a man charitable, and will enable him to do good things for his family and the community. Try is.
